Our Mission

CareNet believes in the sanctity of human life. We are a service organization committed to dramatically reducing the number of lives lost to or harmed by abortion. We offer abortion alternatives, evangelism, post-abortion healing, and promote sexual purity.

Client Profile

Why We Do What We Do

According to the CDC, since Roe v. Wade court case in 1973 through 2014, an average of 17,656 unborn children were aborted each year in Tennessee alone. That is a little over 48 per day.

While abortion has been framed as a “woman’s choice” the truth is that most abortions are “chosen” by women who feel trapped, lonely, desperate – believing they have no choice.

CareNet Pregnancy Medical Center was founded in 1993 to give women life-affirming alternatives to abortion; alternatives that would provide loving support and comprehensive information to help them and their families make informed choices.

While CareNet’s work is focused on sharing the Gospel and saving the lives of unborn children, we know that victory lies not only in choosing life for their children, but giving those children and their families’ abundant life. We also focus on strengthening families through marriage, parenting, adoption, and other life-affirming alternatives to abortion. The alternatives honor God’s design for family life and Christ’s desire that we all have abundant life.

We offer **compassion, hope, and help** to women and men facing pregnancy decisions.

Compassion

The heart of service is the loving support we offer our clients. That is why we don’t just offer information – we offer a listening ear, an encouraging smile, and a shoulder to cry on. We are here to offer emotional, relational and spiritual support, as well as physical and material assistance.

Hope

Once our clients know we care about them, our goal is to provide them with the full spectrum of medically accurate information they need to make an informed choice. Often we are our clients’ only resource providing comprehensive information on alternatives to abortion, such as

married parenting, single parenting, and adoption. We also offer our clients the opportunity to learn about the ultimate source of eternal hope – a relationship with Jesus Christ.

Help

We understand that life decisions require life support; therefore, we provide our clients with material support, free resources (such as pregnancy tests and ultrasounds), education, and referral to community resources. A helping hand goes a long way in helping women and men choose life for their unborn children.

**We are here to make a difference.
Your partnership with us makes it all possible!**

Our Services

Free and Confidential

CareNet offers hope to the women and men in our community facing an unplanned pregnancy by providing them with practical help and support.

- Pregnancy Testing
- Community Referrals
- Limited Ultrasounds
- Incentive Program through M.A.R.Y.
- Provide Post-Abortion Healing
