

# CARENET ANNUAL REPORT 2022

[WWW.FRIENDSOFCARENET.NET](http://WWW.FRIENDSOFCARENET.NET)

# WHY WE DO WHAT WE DO

The Guttmacher Institute estimates that approximately 10,850 abortions took place in Tennessee during 2020.

While abortion has been framed as a “woman’s choice,” the truth is that most abortions are “chosen” by women who feel trapped, lonely, desperate – believing they have no choice.

CareNet Pregnancy Medical Center was founded in 1993 to give women life-affirming alternatives to abortion; alternatives that would provide loving support and comprehensive information to help them and their families make informed choices.

While CareNet’s work is focused on sharing the Gospel and saving the lives of unborn children, we know that victory lies not only in choosing life for their children but giving those children and their families abundant life. We also focus on strengthening families through marriage, parenting, adoption, and other life-affirming alternatives to abortion. The alternatives honor God’s design for family life and Christ’s desire that we all have abundant life.

We offer compassion, hope, and help to women and men facing pregnancy decisions.

## **Compassion**

The heart of our service is the loving support we offer our clients. We offer information but more importantly want our clients to feel safe and loved. We are here to offer emotional, relational, and spiritual support, as well as physical and material assistance.

## **Hope**

Once our clients know we care about them, our goal is to provide them with the full spectrum of medically accurate information they need to make an informed choice. Often, we are our clients’ only resource of comprehensive information on alternatives to abortion. We also offer our clients the opportunity to learn about the ultimate source of eternal hope – a relationship with Jesus Christ.

## **Help**

We understand that life decisions require life support; therefore, we provide our clients with material support, free resources (such as pregnancy tests and ultrasounds), education, and referrals to community resources. A helping hand goes a long way in helping women and men choose life for their unborn children.

**We are here to make a difference.  
Your partnership with us makes it all possible!**

## PREGNANCY SERVICES

## IN THEIR OWN WORDS

I really liked how positive and caring the staff was.

This is a very wonderful and caring place with extremely helpful and supportive people actually wanting to help you through your individual experience.

I have been anxious to see my baby and CareNet is making that possible!

Amazing atmosphere and employees. I had no wait time, was immediately seen, and was more comfortable in their office than any office I've ever been to.

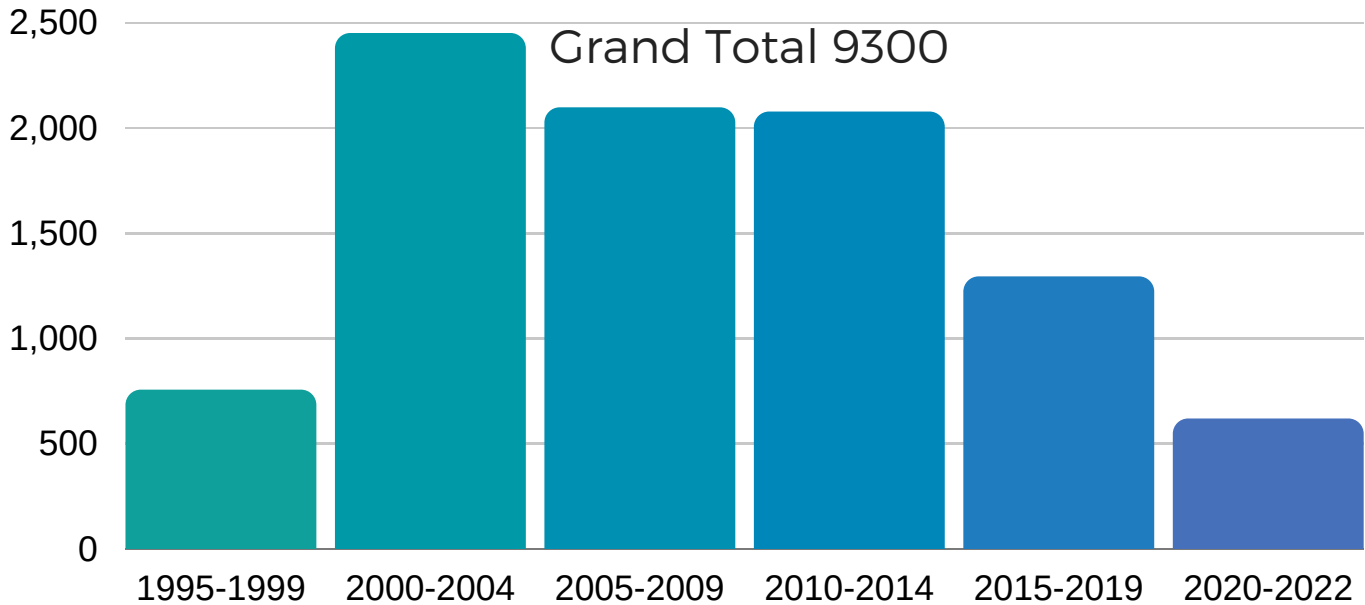

All CareNet nurses were very kind and welcoming. They were very attentive and answered my questions thoroughly. I would definitely recommend people to try their services.

## TOTAL INCOME \$294,442

## TOTAL EXPENSES \$289,093

## Four ways your church can support CareNet!

- Volunteer at LoRita's. Grab a friend and come spend an afternoon with our staff at LoRita's Open Door boutique. You'll learn the basics of how our second-hand mama & baby boutique operates while pitching in on a project or two. If you love fashion, style, making new friends, or just helping out, we need you!
- Consider becoming a client advocate. Our client advocates are a crucial part of the ministry of Care Net Pregnancy Medical Center in Dickson. If you have a heart for those facing an unplanned pregnancy and would like to be trained to help our clients walk through that important decision, then please contact us today.
- Start a Change for Life campaign. This is an easy, fun, and memorable way to get your church involved with the ministry of Care Net. Here is how it works: let us know that you'd like to start a campaign and we will give you empty baby bottles that you will distribute to your youth group, small group, or fellow church members. Then everyone does their part to fill the bottles with coins and cash (checks are fine, too!) and after a certain amount of pre-determined time, you will gather the bottles and bring them to us. Change for Life is a simple way to get the word out about who we are and what we do...and the funds help provide essential services to our clients.
- Ask your church leader to consider the Making Life Disciples video series. Our national affiliation with Care Net has provided us with many great resources, including access to Care Net's Making Life Disciples series. This resource was tailor-made for churches –it is a six-week DVD based series that will train your church to deliver compassion, hope, help, and discipleship to women and men in your congregation who may be considering abortion. While we aim to give the best service to every person who walks through our center's doors, the reality is that they will likely come in contact with you—their peers, friends, and pastors—first. Be ready for that conversation. Get quality training.

As the local church, you are a vital part of the pro-life movement. How you care for those in crisis speaks louder than a protest sign...how you love in both word and deed reveals the truth of God's heart for mothers, fathers, and children. Keep the lamp burning bright! Let us know how you would like to partner your church with Care Net today.

## Change for Life Campaign

The Change for Life Campaign is a simple, yet effective way for your organization or church to raise awareness of CareNet's ministry and at the same time raise needed funds.

Determine the time frame you would like to distribute the baby bottles. Four to six week time period is best.

Some suggestions are:

- January through March. Distribute the bottles on Sanctity of Human Life Sunday and have them returned the first Sunday in March.
- Mothers Day/Fathers Day. Distribute the bottles on Mothers Day and have them returned five weeks later on Fathers Day.
- Respect Life month of October. This is a great time for schools and churches to remember the value of all human life.

We then ask you to fill the bottle with change, bills, and checks. We will happily supply the bottles!

- Bulletin announcements educate your congregation on needs within our community and women in unplanned pregnancies.
- Individuals can take these bottles home and conveniently be a part of this LIFE saving ministry.
- Parents can use these bottles as a teaching tool, educating their families on the God-given value of LIFE!
